

From the CEO's Desk

Dear Colleagues,

What a way to end the year! Safeducate was conferred with the most prestigious CII SCALE Award for the 'Best Training and Skill Development Organization of the Year' at the 3rd edition of CII SCALE Awards for recognizing Supply chain & Logistics excellence. This top honour once again speaks volumes of the highest quality, best practices, continuous innovation applied in the Training and Skilling functions under different business verticals. Once again, it reinforces our commitment towards providing highest quality and skill training to different spectrum of students.

2016 was a year full of achievements and incredible growth for us. Apart from the CII Scale award, we won 3 more awards earlier this year; 'The Best Institute Innovation of The Year' at ASSOCHAM 2016, 'Woman Entrepreneur of The Year' during Indian Education Congress 2016, 'Contribution in Supply Chain and Logistics Education' by The Economic Times in 2016.

Safeducate is attaining new heights. This is evident from the enormous growth each of our verticals has achieved. Under our Corporate Vertical, 150 fresh companies associated with us this year to hire talent and start training programmes. Similarly, under the Retail Vertical, 9 new learning centres have been set up and 14 new short & long term courses were started. Likewise, 7 large skill development projects were started under the Skill Development Mission for which 31 centres have been set up to impart these trainings. Lastly, our Institutional Vertical saw a tremendous growth by signing MoUs with 12 top Indian universities to initiate both short term and long term courses. As a further boost to our Institutional Vertical, academic relationship with IIM Kashipur has been established to improve research and development in the arena of SCM and logistics.

The achievements are countless and gave us the confidence to aim & plan for more, substantially bigger projects with wider scope in the coming years. Definitely, this journey is going to be more exciting and we will ensure to make our learners to do best in their endeavours and achieve their dreams.

My best wishes to you and your families for a very happy and prosperous New Year 2017.

Warm Regards

Divya Jain

My experience with Safeducate Training Team has been second to none. Not only do they offer great training but they also have wonderful team. I have learned many things out of this training which is helping me a lot in my work. I have learned about customer relationship which is helping me to serve my customer better. I am using Notes Application which is helping me to keep my all the data together. I have gained a lot of knowledge, nice and inspiring group.

The training provided by Safeducate helped me to get a job in Sanvariya Agro Solutions Limited as a Manager. I am really happy about the training provided to me in the field of Logistics and SCM. The training on soft skills was a huge help for me to prepare for the interviews.
