

From the CEO's Desk

Dear Colleagues,

We have kick started the New Year with great enthusiasm. I would like to share the good news of successful completion of the first phase of DDU-GKY project in Rajasthan. This was our first project in skill development; we look forward to start its second phase very soon.

One area which we would be focusing this year would be to build strong relationship with various corporates by getting involved in training need identification, training solution, preparing processes and helping them with trained manpower. Roll out of Recognition of Prior Learning scheme is one such initiative.

Our business has grown and evolved over the last 10 years, and we felt it was time for a change. In the nutshell, we are in process of revamping our online portal safeducateonline.com, a Web-based learning platform, created to help students and trainers in the logistics and SCM domain, to define and pursue their career goals. The entire backend process for phase 1 has already been completed and is ready for its commercial launch.

As part of our commitment to keeping our work easily accessible, we are in process of creating our website safeducate.com more navigable with additional resources, better tools, and a new visual design to support your work in the areas of SCM and Logistics. Stay tuned in the coming months for new resources in each of these areas.

Definitely the year ahead is looking promising for us. Reflecting our long-standing commitment to learning and continuous improvement, now it is up to us to make up our minds as in how much we want to achieve by staying focused and practice innovations.

Warm Regards,
Happy Learning!

Divya Jain
Founder & CEO

Revamped Safeducate e-learning website www.safeducateonline.com launched

SPEAKING SUCCESS

Name of the Trainee: **Mantu Moni Das**
Learning Centre: **Nagaon, Assam**
Project: **DDU-GKY**
Placed Company: **Rivigo Services Pvt Ltd, Kolkata**

According to me DDU-GKY is the best skill development project in India. This project help us to develop our personal growth and career, specially poor people students. This project help me to achieve a better opportunity in my life. Thank you Safeducate for giving me such a beautiful platform to make my career bright.

I joined Safeducate with an aim to gain knowledge about logistics and get a job in a reputable company. The faculty taught me in various aspects of logistics through classroom and practical training. I got placed in Rivigo Services even before the completion of course. Thank you Safeducate for the valuable guidance and support.

Name of the Trainee: **Govind Soni**
Learning Centre: **Jaipur**
